OBJECTIVES

Motivated BTech Computer Science graduate with hands-on experience in Laravel, web development, database management, and database administration. Passionate about solving engineering challenges and optimizing data systems. Eager to contribute to impactful projects while continuously enhancing technical and administrative skills in modern web and database technologies.

EDUCATION

BTech Computer Science   2020 – 2024
LBS College of engineering,Kasaragod

Higher Secondary   2018 – 2020
GHSS Madikai,Kanhangad

PROFESSIONAL EXPERIENCE

Web Development Intern   09/2024 – 05/2025
Astra Software Solutions
- Developing and enhancing web applications using Laravel for backend operations.
- Independently created CRM software to streamline client management and automate workflows.
- Deployed and maintained a dynamic website using Cpanel, ensuring smooth accessibility and performance

Internship
Revertech IT Solution
- Gained exposure to Python, focusing on data manipulation using NumPy and Pandas.
- Built small-scale projects to improve analytical and programming skills.

SKILLS

- Programming Languages- PHP, Java, Python, C
- Frontend Development- HTML,CSS,Javascript
- Frameworks and Tools-Laravel, Bootstrap,cPanel
- Database Management-MySQL,Oracle Database Administration
- Soft Skills- Problem Solving, Analytical Thinking, Time Management, Communication, Teamwork

PROJECTS

CRM Software
- Independently developed a CRM system to streamline customer relationship management and automate workflows.
- Leveraging Laravel for backend development, including building secure authentication systems
- Implemented a dynamic contact management for tracking client interactions efficiently.

Leaf Disease Identification
- Built a deep learning-based web application for identifying plant diseases through leaf image analysis.
- Utilized Python libraries like TensorFlow,Keras and Flask for model training and deployment.

ECommerce Application
- Designed and implemented a basic eCommerce platform that allows users to browse products, add items to the cart, and proceed to checkout.
- Developed frontend for displaying product listings, cart functionality, and checkout processes using Laravel.
